

AB6T TORQ 6m Fall Arrest Device

TORQ 6m Fall Arrest Device is designed to provide fall protection from falls from height.

Anchored above the user, it gives the user a safe area of work. The retracting line pays in and out of the device as the user moves. In the event of a fall, a brake engages, arresting the fall of the user with a controlled deceleration force.

Swivel anchor eye on top.

Product Code:	AB6T
Conformance:	BS EN 360
Cable:	5mm Galvanised Steel
Max Recommended User Weight:	150KG
Weight:	4.75kg
Service Interval:	12 months
